American Cutting Edge Knives

Fiber, fiberglass, and textile recycling knives can take a beating with abrasive matter reduction. With various material options, our line of Pierret® style fiber, fiberglass, and textile recycling knives provide customers with a range of high-quality options that will stand up to rigorous usage.

Consistent Quality

Whether you're looking for bed knives, fly knives or robot knives, you can count on American Cutting Edge to provide high-quality knives that are reliable every time you order. We're committed to delivering products that stand up to the wear and tear of fiber, fiberglass, and textile recycling processes.

Expert Advice

Have an extra tough application that's wearing out your knives prematurely? Let ACE help! Many customers rely on our industry experts for advice regarding which material will provide the best precision cut and extend knife life for their applications to avoid frequent knife changes and costly downtime.
